Prayers for Life: Sundays following the Divine Liturgy—see Lynn Murray

“So many people never leave their ‘tomb’ because they think Jesus has to do everything. They never want to make the decision to love, to leave behind the lie. They want Jesus to wave his hand to take away the temptation, the pain, the fear. Jesus can and sometimes does work such miracles—but most often, he reminds us that we are made in the image of God, that we have free will, that we share his power to make decisions. He wants us to be fully human, fully responsible—and fully responsive to his loving invitation to fellowship.”
